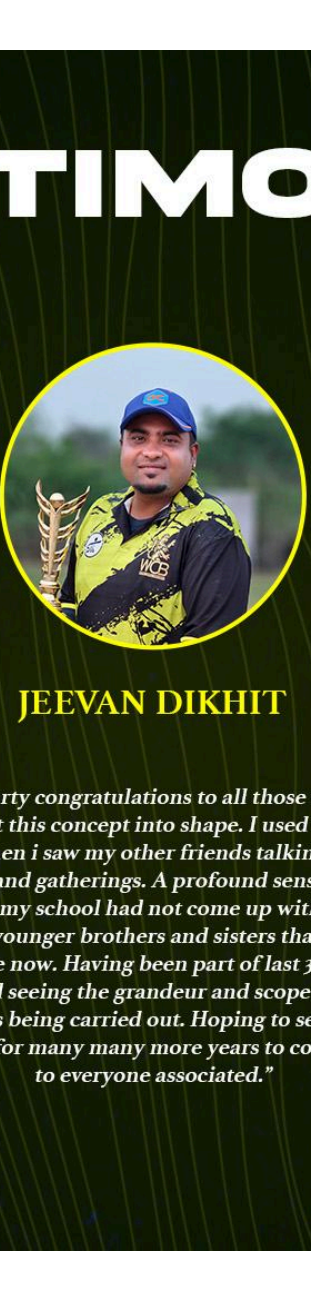
TESTIMONIAL

SHYAMA P. DASMOHAPATRA

"Great to find happening bunch of mates here . Feels some reason closer to school and many memories to cherish. Thanks for adding but I still have a small litany of grievance may be not exactly grievance finally thanks to Abhishek Chanduka he had me added here and really happy and excited to see u all here and giving ur sweat and blood for the alumni to happen."



JEEVAN DIKHIT

"First of all, hearty congratulations to all those who have come together to put this concept into shape. I used to be a bit disheartened when i saw my other friends talking about their alumni meets and gatherings. A profound sense of pain rung deep within as my school had not come up with this idea. But thanks to my younger brothers and sisters that this idea has also taken shape now. Having been part of last 3 alumni meets i feel really elated seeing the grandeur and scope with which this annual event is being carried out. Hoping to see this flourish manyfolds and for many many more years to come. All the best to everyone associated."

HIMANSHU PRADHAN

"Being part of the BSHS Alumni for the past three years has been an incredibly fulfilling experience. From thrilling sports events to the joy of reunion parties, every moment has been special. It's been wonderful reconnecting with old friends and building new bonds across batches. The sense of community and belonging truly stands out. I'm grateful for all the efforts put in to keep us connected and engaged. Looking forward to many more memorable moments together!"

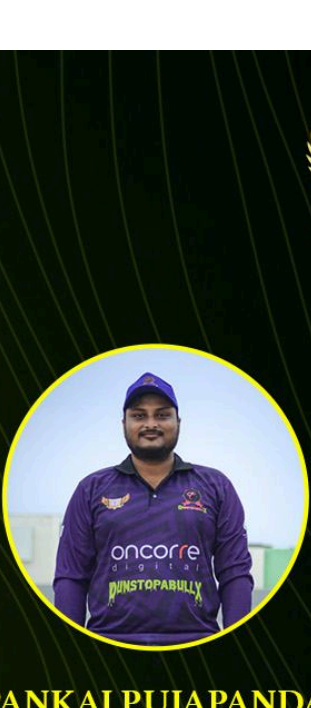
TESTIMONIAL

SWASTIK PREETAM DAS

"What began four years ago as a humble cricket tournament and an afterparty with just 60 familiar faces has now blossomed into a vibrant celebration of nostalgia, friendships, and school spirit. The annual alumni meet for those who parted ways after Class 10, now draws over 200 participants, uniting across cricket, box cricket, futsal, badminton, chess, ludo, and even esports. Some still call Puri home, others come from corners across Odisha and beyond yet, year after year, they all return for this one magical weekend. The energy is electric, the chaos delightfully contagious, and the memories created echo far beyond the final whistle."

DEBASIS PATTNAIK

"Every year, our group of friends and alumni gather in Puri for a much-anticipated cricket tournament, rekindling the spirit of our school days. With the sound of the waves and the sway of coconut trees as our backdrop, there's an unmistakable sense of nostalgia seeing those familiar faces alongside the excitement of welcoming new ones. Rain or shine, our games are filled with laughter, playful banter, and memories that only grow richer each year. After long matches on the sand, we regroup at the beach, share stories at kaka dokan, and take carefree bike rides through town moments that remind us how special these friendships are. Each time we part ways, it feels a little bittersweet, longing for this tradition to carry on and on. What remains is a tapestry of memories stitched together by the simple joys of camaraderie, cricket, and the magic of Puri."



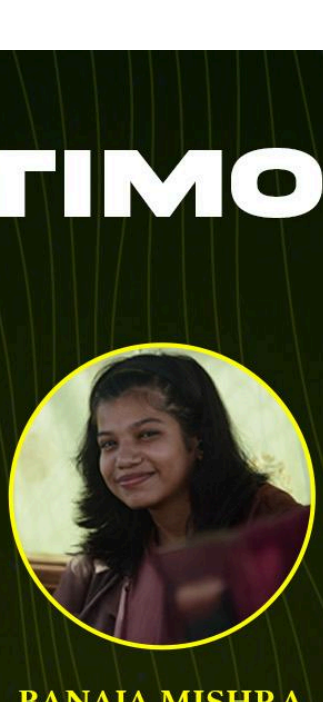
PANKAJ PUJAPANDA

"Being part of the BSHS Alumni group over the past 3 years has been an incredible journey. From reconnecting with old friends to participating in meaningful events, it's been a beautiful blend of nostalgia and purpose. The network has grown stronger with each passing year, creating a true sense of belonging and pride. We've supported each other personally and professionally, and the bond keeps getting stronger."

TESTIMONIAL

OMM PRASAD SAHOO

"Some chapters aren't written in books they're etched in the heart. For me, BSHS Alumni is one such chapter. What began as a bunch of mischievous boys in sweaty jerseys is now a tribe of grown men still fighting over who bats first. From cricket ground cheers to afterparty chaos, we didn't just play matches we built a mad, magical family. Where juniors turned brothers, seniors became mentors, and friendships aged like fine wine. Every reunion now feels like coming home same excitement, louder laughs, better wallets, and sore knees. From gully-style games to gala-style tournaments it's been a journey. Grateful to be a part of this beautiful madness."



BANAJA MISHRA

"Being part of the alumni for a year had been a truly transformative chapter in my life. From the electrifying energy of cricket and futsal matches to the strategic spirit of esports and the cheerful chaos of ludo chase, every event was a celebration of togetherness and spirited competition. These moments were not just about games they were about reconnecting, rediscovering, and reliving the essence of school days. The after-party, alive with laughter, music, and spontaneous dance, wrapped the experience in a sense of belonging that words often fail to capture. What touched me most was the effortless way bonds were rekindled and new ones formed, reminding us that school may have ended but its spirit lives on in all of us. For me, the alumni is not just a gathering it's a lifelong connection, one I will cherish and stand by, always.. even till my last breath."

RAMIZ KHAN

"BSHS was more than just a school to me as it was a place where I grew not just academically but emotionally and socially. The supportive teachers lifelong friendships and countless memories from classroom moments to cultural events have played a big role in shaping who I am today. I carry the values and lessons I learned at BSHS with me every day. As we gear up for the 4th BSHS Alumni Meet and Sports Event I feel proud and nostalgic. It is always a special time to reconnect with old friends meet familiar faces and relive the golden days we all cherish. Being a part of the BSHS family is truly something I will always hold close to my heart."

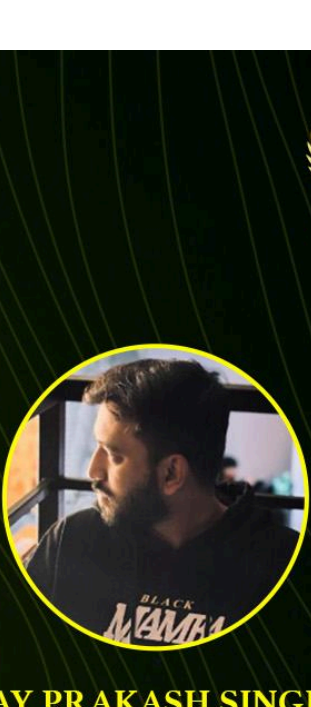
TESTIMONIAL

SOUJANYA KUMAR

"I still remember the days we used to fight for getting the bat first as our games period was limited once in a week. We all had a dream that one day we will make out Alumini just because we can play together. From recess bell to games bell the emotion and excitement remains the same. And now all the mature ones lives to enjoy just 1 week in a year to enjoy with their friends and colleagues.We started small in 2022 with just 50 members and now we stand strong with our beloved seniors and juniors making it an incredible 500 in 2025✨. BSHS Alumini is not just a name but a brand which we are proud to carry with ourselves and are proud to tell that we are BSHSians ❣️. Kudos to all the organisers who made this possible by their hard work and determinations. Really blessed to be a part of this wonderful journey of madness...fun and lovingness."

ANKIT MAHAPATRA

"Hello this is ankit mahapatra (2023) i hope everyone knows me well and if everyone knows me well,i also want all of you to know my perspective about this marvelous tournament and of course the bshs alumni association.I dont play tennis ball cricket a lot as im trying to do something in leather cricket,but this bshs alumni tournament which i am in love with from the begging , i just wait whole year to be part of this tournament again because this has everything you need to be happy ,drama, action, entertainment,emotions,work ethics,kindness,brotherhood etc. The thing is i play a lot but wherever i play i think that playing in the alumni makes me the happiest, i dont know why but i am the most happiest person u will meet in the ground.This tournament helps me to love cricket again doesn't matter if i loose or win .Every season is just worth remembering.And to all the seniors who are doing the ground work to make this event successful for us so that we can be happy , i just truly want to thank them by folding my hands because at the end of day everyone has their personal lives and the are working out of their comfort zones .My intent is clear i just want to be a part of this alumni association forever even though i grow old because i think the BSHS ALUMNI was never to host tournaments or anything but the main goal was pure brotherhood , humanity,love.I still remember how everyone came forward for payal satpathy (2023) my batchmate when she was battling the most difficult battle of her life ."



JAY PRAKASH SINGH

"A big shoutout to the alumni organizers for their constant efforts in keeping the group active and engaged. Your dedication and the creative initiatives you bring in truly make a difference. It's refreshing to see the energy and innovation you all put into every update and event. Keep up the great work, it's truly appreciated!"
